Two Hedgehogs

Two Hedgehogs Spike and Stick were very hungry.

They looked here. They looked there. But there was nothing to eat. Suddenly they both spotted an apple. They started fighting for it.

Along came a fox. Freddie Fox saw Spike and Stick fighting.

He said, "I will divide the apple in half for you."

Freddie Fox broke the apple in two.

The two pieces were not the same. He ate a little off one piece.

Still not the same!

He ate a little off the other piece.

Still not the same!

Freddie Fox ate the whole apple.

Lesson: When you fight, someone else wins.
